

WHINT® Interface Management Package

Our Middleware Add-ons for SAP Process Orchestration (PI) improve the visibility and quality of your interface landscape. They allow an increased transparency and better control of your mission critical messaging middleware. Well-designed interfaces need documentation & reporting as well as monitoring & alerting. The package for SAP PI/PO consists of the following solutions which can also be purchased individually:

Documentation & Reporting

- > WHINT® Interface Catalog
- > WHINT® Interface Documentation
- > WHINT® MessageVolume Report

Monitoring & Alerting

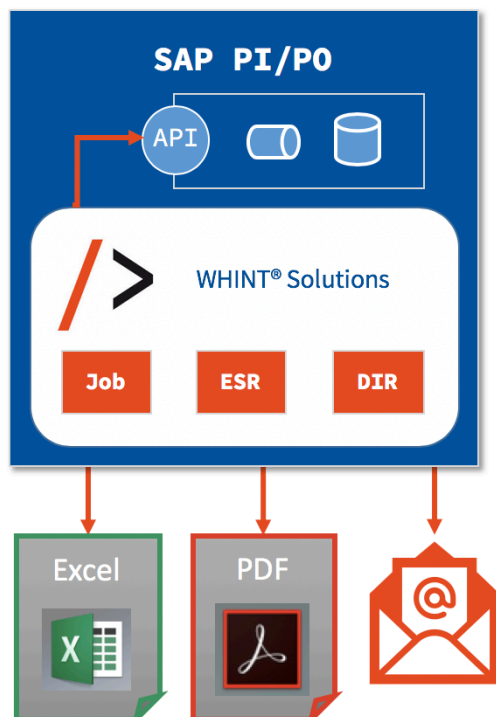

- > WHINT® Interface Monitoring
- > WHINT® MessageMissing Alert
