

WHINT® Interface Management Package (Cloud)

Our Middleware Add-ons for SAP Cloud Platform Integration (CPI) improve the visibility and quality of your interface landscape. They allow an increased transparency and better control of your mission critical messaging middleware. Well-designed interfaces need documentation & reporting as well as monitoring & alerting. The package for SAP CPI consists of the following solutions which can also be purchased individually:

Documentation & Reporting

- > WHINT® Interface Catalog

Monitoring & Alerting
