

WHINT® WebDAV Adapter (SAP PI/PO)

This JCA Adapter for SAP PI/SAP Process Orchestration (PO) supports the WebDAV protocol (Web-based Distributed Authoring and Versioning) which is based on http(s) and allows read/write access to any WebDAV provider that implements the protocol, such as e.g. Telekom MagentaCloud, Box.com, ownCloud, ...

Functionality

Seamless integration between SAP PI/PO and WebDAV providers hosted on-premise or in the cloud:

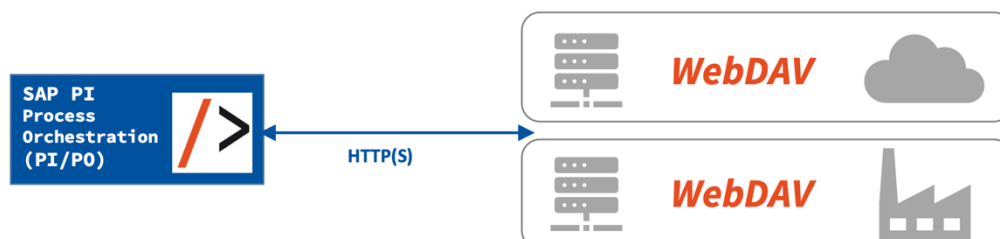

- > Basic Authentication
- > Supports Adapter Specific Message Attributes (ASMA)/Dynamic Configuration
- > Exactly-Once (EO), Exactly-Once-In-Order (EOIO)
- > Sender: Delete/Archive, Duplicate Check
- > Receiver: Store Attachments
