

WHINT® Interface Management Suite (On-Premise)

Our Middleware Add-ons for SAP Process Orchestration improve the visibility and quality of your interface landscape. They allow an increased transparency and better control of your mission critical messaging middleware. Well-designed interfaces need documentation & reporting as well as monitoring & alerting. The package for SAP Process Orchestration consists of the following solutions which can also be purchased individually:

Documentation & Reporting

- > WHINT® Interface Catalog
- > WHINT® Interface Documentation
- > WHINT® MessageVolume Report

Monitoring & Alerting

- > WHINT® Interface Monitoring
- > WHINT® MessageMissing Alert

WHINT® Solutions are deployed as integration content on your standard middleware and require no additional installation or runtime. They create Excel & PDF documents as well as alert E-Mails directly from your SAP middle-ware.
