InterfaceDesign

WHINT® Interface Management Suite (Cloud)

Our Middleware Add-ons for SAP Cloud Integration improve the visibility and quality of your interface landscape. They allow an increased transparency and better control of your mission critical messaging middleware. Well-designed interfaces need documentation & reporting as well as monitoring & alerting. The package for SAP Cloud Integration consists of the following solutions which also cover quality and landscape checks to increase your efficiency.

Documentation & Reporting

> WHINT® Interface Catalog
> WHINT® Interface Documentation

Monitoring & Alerting

> WHINT® Interface Monitoring

WHINT® Solutions are deployed as integration content on your SAP Business Technology Platform tenant and require no additional installation or runtime. They create Excel & PDF documents as well as alert E-Mails directly from your SAP middleware.
